

James Silvester joined NAPPB at its infancy in 2021. He has been a teacher, counselor, instructor and more in bringing his knowledge to the association.

James is a Army Veteran and Gourd Dancer. He has been on several boards with other associations, and celebrates his Cherokee heritage. He participates in powwows when possible.

James was elected as President in 2021, and held that position until he and took the position of Vice President in 2023. He still leads us in understanding the operation and rules of being a 501c3 charity organization.
